StriderPLUS

Ready for now. Ready for next.

Ready for your first or second child, Strider Plus is the versatile Baby Travel System for growing families. Complete with a fully adjustable second seat with its own canopy, you have the choice of carrying an infant or toddler in either seat position.

The stroller's fully reclining main seat offers infant or toddler facing you, or reversed to face the world. The second detachable Strider Plus Inline Seat can also seat a toddler or fully recline to suit your newborn in complete comfort.

Designed with maximum stability and safety in mind, you can even remove a child from the main seat while having a child up to 15kg in the second seat, without the stroller tipping backwards.

Whether you want to take one or take two,
you'll find it's no fuss with Strider Plus.

Ultimate style

Be comfortable all day with convenient features and safety for you and your family. Second Seat, Infant Carrier and Bassinet available separately.

Ultimate mobility

Use the Infant Carrier with base for secure in car travel. Then easily transfer baby in Infant Carrier to stroller, or carry with you, all without waking baby.

Strider Plus with its one or two child capacity, interchangeable Infant Carrier and Bassinet, ticks all the right boxes for new or experienced Mums.

It's the complete package that keeps you moving in style. There's multiple features for convenience, comfort and safety including:
